

Designed for field or range with dual-purpose turrets and ballistic reticle options.

RN5204BS1

RN5204GS1

NEW FOR 2018

NITRO™ RIFLESCOPES

Hunters and precision shooters alike can find a Bushnell® Nitro™ riflescope to fit their needs. All 35 configurations are built to withstand every environment. EXO Barrier™ coating bonds to exterior lens surfaces, and repels water, oil, fog, dust and debris. The fully-multi coated optics deliver bright, high-contrast images with minimal eyestrain. Whatever the scenario, Nitro™ riflescopes have a solution.

INDUSTRY LEADING FEATURES:

CLARITY - The best resolution and contrast in all lighting conditions

LIGHT TRANSMISSION - Ultra Wide Band Coating enables optimum brightness and true color in every lighting condition.

SIDE PARALLAX - Easily correct parallax error without removing eyes from the target

VARIETY - Multiple configurations include capped or target turrets, first- and second-focal plane models and multiple ballistic reticle options to meet every need.

SCOPE COVERS - Included Butler Creek® Flip-Up Scope Covers protect lenses from dust, debris.

SUN SHADE - Included 2.5-inch sunshade aids in target acquisition on bright days.
