Conduct yourself in a professional manner at all times.

Conduct yourself in a safe manner at all times.

Be respectful of all others at all times.

Show up with a great attitude, with a precision rifle that YOU HAVE ZEROED to within one and one half inches at 100 yards. KNOW your rifle. Be able to load and fire it and be able to manipulate your scope with and / or without tools.

Know your reticle, its subtensions, and know the operation of the elevation and windage turrets, whether it be MOA or MRAD based.

Your instructors will see to it that you receive quality instruction in a safe learning environment in order to become more proficient, predictable, precise and accurate with your rifle.

Instructors:

**Frank Galli, Marine Corps Sniper
and Marc Taylor, Marine Corps Sniper Instructor**

An NRA-Certified Range Officer will be at the Firing Line.

You ARE PURCHASING a \$1,050 seat to training. It is just like a ticket to a rock concert in that if you decide not to attend for any reason, you should sell the seat in order to recover your cost. Your decision not to attend does not warrant a full or partial refund.

SHOULD THERE BE NO TRAINING HELD, FOR ANY REASON, YOU WILL RECEIVE A FULL REFUND

Should you have further questions or concerns, please contact Instructor Marc Taylor at (907) 952-4616. marc@SnipersHide.US .

This is a “destination” event. We have your full attention for two full days, even away from the firing line. That aspect sets this training apart from others. You will forge new friendships while honing your precision rifle skills far beyond those of your peers.

Thank you for your interest. You will not be disappointed.
